EDUCATION

- Second-year software engineering student at ISSAT Sousse
- Integrated preparatory cycle at ISSAT Sousse

TECHNICAL SKILLS

- Programming Languages: C/C++, Java, Python, PHP
- Frameworks: Angular, Django and SpringBoot

CERTIFICATES

- Samsung Innovation Campus (SIC) – Certificate of Completion, AI Course
- NVIDIA Deep Learning Institute
 - Building Transformer-Based NLP Applications
 - Fundamentals of Deep Learning
- Coursera (DeepLearning.AI specialization)
 - Advanced Learning Algorithms
 - Unsupervised and Reinforcement Learning
- Cisco Certifications
 - CCNA 1
 - CCNA 2
 - DevNet Associate
- UVT – Certificate in Artificial Intelligence and Machine Learning

SOFT SKILLS

- Strong communicator
- Public speaking ability
- Project management skills

ABOUT ME

I am an enthusiastic IT student deeply passionate about machine learning and web development. With a keen interest in exploring the realms of data science and building dynamic web applications, I am dedicated to honing my skills and making meaningful contributions to the field of information technology.

PERSONAL EXPERIENCE

3 months internship at Leoni Wiring Systems Massadine, IT department

PROJECTS

- Developed a quiz website to estimate car prices using Angular, Django and machine learning
- Developed an auction website using Angular and SpringBoot, following a microservices architecture for modularity and scalability.
- Developed an employee management application using Angular and SpringBoot, implementing internationalization (i18n) and localization features in the Angular frontend to support multiple languages and regional formats.

VOLUNTEER EXPERIENCE

- Head of HR department at Issatso club
- Spring Boot instructor at Arsii issatso club
- Active member of the Red Crescent Society of Msaken, with first aid certifications
